Since 1992

What sets us apart ?

Since 1992, We continue to strive in providing a happy , nurturing environment that will meet every aspects of a child's crucial early years of development. Our objective is to lay down the right foundation in assisting the children to become confident, creative, capable learners with good character that will help them to face challenges in life.

Our own proven program. The Starlight ™ curriculum is based upon more than 27 years knowledge of child development enabling students to reach their maximum potential. It is designed to provide students with a variety of experiences which afford them opportunities to develop academic, emotional, physical, spiritual, and social skills coupled with aesthetic appreciation for the world in which they live.

Our Program

As we believe each child is unique and precious, the child's value is not dependent on physical appearance or behavior. As children grow and evolve, so do the best methods for connecting with them. Our no one-size-fits all philosophy serves every unique child, learning style or stage of development. As such, we draw from a variety of educational techniques and current research, all geared to cultivating self-confident, creative, collaborative and joyful learners.

THE STARLIGHT PROGRAM

The Starlight curriculum mostly consists of a thematic approach involving Montessori elements and Character First implementation, all the while ensuring that it is in line with the national curriculum. Taska Precious Lambs provide a play-based, developmentally appropriate environment with our students. We observe children in order to identify interests and select topics as a class. In supported small and large group settings, concepts are explored in a collaborative manner.

Starlight aims to focus on the 3Cs

1. Confidence-in writing, communication and numeracy.
2. Creativity-in self-expression, problem solving and trying out new ideas.
3. Character First-encourage positive attributes such as attentiveness, forgiveness, courage and so much more!
