Storytelling Competition

Storytelling activity in a language lesson is a wonderful approach to enhance students' acquisition of language as they practice the listening, speaking, reading and writing skills.

KPS 2021 Storytelling Competition is organised to showcase students' talents, build confidence and sharpen their communication skills.

Singing and Dancing Competition

KPS 2021 Singing and Dancing Competition is held to showcase students' talents and to boost their self-esteem.

Through this activity, students may acquire discipline that enables them to perform in a show and enjoy music in our human capital development efforts to produce balanced individuals who are emotionally balanced, creative and innovative. This competition also explores students' communication skills and interactions through performance.
